PROFESSIONAL SUMMARY

I am Mayank Raj, a Full Stack Web Developer with experience in frontend development (React.js) and backend development (FastAPI, RESTful APIs). I work with MongoDB databases, implement JWT-based authentication, and build secure, scalable, and performance-optimized web applications. I focus on responsive UI design, API integration, and clean, maintainable code following modern software development best practices. I value continuous learning, teamwork, and clear communication while building reliable web solutions.

WORK EXPERIENCE

Infosys Springboard (Internship) **Nov, 2025 – Jan, 2026**

- Built a full-stack crypto portfolio manager using FastAPI, React, MongoDB, and JWT security.
- Implemented parallel Monte Carlo simulations to generate optimal portfolios using the Sharpe Ratio.
- Designed real-time risk monitoring with automated alerts for high-risk assets.
- Created a rule-based allocation engine supporting fixed, percentage, and remaining capital logic.
- Added stress-testing modes (Safe, Balanced, Risk) for dynamic portfolio rebalancing.

PROJECTS

Crypto Portfolio Manager

- Built a secure full-stack crypto portfolio manager with real-time data tracking.
- Optimized portfolio allocation using Monte Carlo simulations and Sharpe Ratio.
- Implemented live risk monitoring and alerting for smarter investment decisions.

Resume Screening

- Developed a full-stack resume screening and job matching system with role-based access.
- Integrated Google OAuth and secure backend processing for job applications.
- Implemented AI-based applicant scoring to improve hiring efficiency and reduce bias.

MeteoCast

- Developed a real-time weather dashboard using modern web technologies.
- Integrated live weather and AQI data with a responsive glassmorphism UI.
- Added theme persistence and smooth animations for enhanced UX.

HONOUR CERTIFICATES

- Frontend Development Certification – **Udemy**
- React.js & Node.js Certification – **HackerRank**
- Database Certification – **Infosys Springboard**

EDUCATION

Dev Bhoomi Uttarakhand University — **Dehradun Uttarakhand**, 2024 - 2028

- Computer Science (Specialization in Data Science)
- CGPA: **9.89**

DAV Public School — **Jamalpur, Munger**, 2021 - 2023

- Intermediate
- Percentage: **86%**

DAV Public School — **Jamalpur, Munger**, 2021

- Matriculation
- Percentage: **92.83%**

SKILLS

Technical Skills

- **Language:** C/C++, JAVA, Python
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web (Bootstrap, Tailwind)
- **Backend:** RESTful APIs, Node.js, Express.js
- **Databases:** MongoDB, MySQL, Database Design, CRUD Operations
- **Authentication & Security:** Firebase, OAuth 2.0, JWT, Password Hashing, API Security
- **Tools & Platforms:** Git, GitHub, Postman, VS Code
- **Deployment & DevOps:** Docker, Cloud Deployment (AWS), Google Cloud

Core Concepts

- Full-Stack Web Development
- API Integration
- Modular Architecture
- Performance Optimization
- Clean Code & Best Practices

Soft Skills

- Problem Solving
- Debugging
- Version Control
- Time Management
- Communication Skills
